

# Join SCTA Empower students Inspire change

- **Education is a human right.**
- **Take ownership of your profession. Set the standard.**
- **Get active. Advocate.**

## Vision

Student CTA strives to be a recognized and collaborative organization that inspires and fosters exemplary future leaders in education.

"No student should feel helpless or stranded at school. I joined SCTA to show students they can do more than they know."

—Curtis Whitley

## Teacher Quality

We believe in developing highly qualified, skilled and passionate future educators prepared to address evolving challenges in the profession.

## Community Outreach

We believe community service helps future educators develop, foster and improve the community and creates positive relationships.

## Diversity

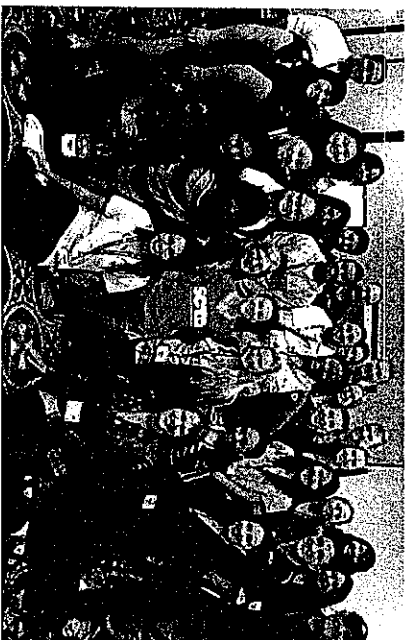

We believe in supporting a diverse membership and working together to promote a public education system that values the diversity of our state.

## Advocacy

We believe in gaining a personal understanding of our profession in order to inspire positive change through political action.

## Student California Teachers Association

...I realized there were policies in place that would not allow me to be the teacher I envisioned. I am now an advocate... this incredible organization has truly changed my life for the positive professionally and personally.
